

SAY "HELLO" TO 84 MPG, AMERICAN MADE FOR ONLY \$6,800

The Elio was conceived under the guiding principles we call the 4 key "Must Haves": It had to be made in America utilizing 90% North American content, it must be safe, it must achieve 84 MPG highway, and it must have a sticker price of \$6,800.

Oh yeah, and it needed to be reliable and fun to drive. Sound crazy? It's not. Many call it the next big thing in transportation, or simply ingenious.

- **84 MPG Highway**
- **Engineered for a 5-Star Crash Test Rating**
- **Made in America**
